

# Trusted Corporate Intelligence & Data Provider for Southeast Asia

For data enquiries, contact us at [datasales@handshakes.ai](mailto:datasales@handshakes.ai)

## Data as a Service

Handshakes provides Data-as-a-Service built on authoritative, registry-sourced corporate data. Our structured datasets—spanning entities, ownership, appointments, financials, and market disclosures—are updated continuously and standardised across jurisdictions to support accurate analysis and operational automation. Delivered through APIs or bulk feeds, our data empowers organisations to build reliable intelligence and make decisions with confidence.
